

ST SUP/PLI

This panel shows a standard 12-lead ECG trace. A small circle is drawn around the ST segment of the lead II trace, which is labeled 'ST SUP/PLI'.

ST Point

This panel shows a standard 12-lead ECG trace. A small circle is drawn around the J-point of the lead II trace, which is labeled 'ST Point'.

Normal

This panel shows a standard 12-lead ECG trace. No circles are present, and the trace is labeled 'Normal'.

SL PLI

This panel shows a standard 12-lead ECG trace. A small circle is drawn around the lead I trace, which is labeled 'SL PLI'.

ST INF

This panel shows a standard 12-lead ECG trace. A small circle is drawn around the ST segment of the lead II trace, which is labeled 'ST INF'.

ST Sup

This panel shows a standard 12-lead ECG trace. A small circle is drawn around the ST segment of the lead II trace, which is labeled 'ST Sup'.
